

## WHY CHOOSE ECOFLO COMPOSTING TOILET?

Ecoflo is the largest waterless composting toilet company in Australia, designing and building eco wastewater solutions for over 40 years.

We research, design, test, manufacture, assemble, and are a retail agent all set within our Brisbane premises in Virginia for a wide range of waterless toilets and greywater systems for domestic, commercial, off-grid, camping and accommodation based purposes.

Complete solutions

Water saving

Sustainable disposal

Space saving

No plumbing

Solar available

## MEET OUR MULTI-AWARD WINNING - CLIVUS MULTRUM™ LOW PROFILE

From **\$1,850.00**

Specialised design for tiny homes with the low underfloor clearance requirement of only **450mm!**

1-2 people full time use.

Certified to AS/NZS 1546.2:2008.

### PEDESTAL OPTIONS:

Porcelain Pandora

Porcelain Palisade

### IMPROVEMENTS:

Based on tiny home users feedback:

- Double-walled chamber to stabilize temperatures
- Rotomolded handles for a longer lifespan
- Stainless steel mixer arm - break down the pile and accelerates the composting process
- Added wheels for ease of movement
- Various pedestal options available
- 10 year warranty on rotomoulding components

Australian Made  
Australian Innovation Patent No. 2020100970
