

NATURE-FLO 300 LITRE GREASE TRAP

The Nature-Flo Grease Trap is a black polyethylene tank with 3 baffles welded into it. The Nature-Flo Grease trap is suitable for domestic kitchen waste water use and requires minimal maintenance.

Separation of materials – The grease floats to the top while solids sink to the bottom. They accumulate until manually removed.

What you get:

- 300L tank.
- 100mm DWV inlet & outlet pipe.

Dimensions	
Length	102 cm
Width	72 cm
Depth	69 cm
Volume	300 Litres
Inlet	1 × 100mm diameter DWV pipe
Outlet	1 × 100mm diameter DWV pipe
